

The Proven Power of Residuals

Have you ever noticed the number of people that use credit cards to make everyday purchases? At gas stations, the grocery store, restaurants, medical offices, department stores, the Internet... everywhere you go, people are "paying with plastic". The Merchant bankcard industry is currently a billion dollar market and growing every single day. Local banks provide these same services to businesses but they don't actually handle the processing themselves. A banker knows more about CDs, mortgages, etc. than credit card processing, which is where we offer the biggest advantage to our customers – knowledge. With the growth of the Internet, it's almost impossible for those outside our industry to keep up with the demands of businesses. This provides you with a HUGE opportunity. It's FAST. It's EASY. It's PROFITABLE! Make Money Every Time Someone Uses A Credit Card!

Imagine this... You help a business owner get set up with a service they badly need and will help them make more money. Every time somebody uses their credit card at that business, you can make money (residual commission) without having to lift a finger. Many people nowadays are faced with "having too much month at the end of their money". You can work part-time for an hourly wage, and be at the mercy of your employer. At the end of a year, no matter how hard you worked, there's no guarantee that you'll get a raise to the meager amount you are currently being paid.

Credit Cards, NJ (CCNJ) is the company that can help you get set up in the lucrative merchant bankcard services business. Their products are in high-demand and you decide how much money you'll make based on your own efforts, not someone else's. If you're serious, you can earn \$5,000, \$10,000 per month or more. And because of the residual income you make every time someone uses a credit card, you make money even when you're not working.

CCNJ can help you:

- Be financially independent
- Provide financial security for yourself and your family
- Buy your dream home or earn the down payment to buy your own home

You name it. I'm sure you'd agree that an extra \$5,000 or \$10,000 per month would go a long way toward helping you achieve your personal goals.

Low-cost, High-volume, Customer-friendly:

CCNJ provides you with the potential for enormous success because its services are needed. CCNJ offers a simple, low-cost, high-volume, customer-friendly service for one of the nation's fastest-growing industries: merchant accounts - an opportunity that will enable you to earn a percentage of the nation's soaring volume of credit card transactions.

Our model is simple: you offer a range of turnkey, credit card services to merchants that want more customers. Once you've signed up an account, you then can receive a residual payment every time one of your customers uses CCNJ to process a credit card transaction—even when you're sleeping or relaxing on vacation! With merchants accepting billions of dollars in credit card payments every day, your earnings potential is almost limitless!

To start earning your share of the pie today, please send your resume to hr@creditcardsnj.com right away! Please, no phone calls. You'll be glad you did!
